

# Introducing THE NEW STANDARD FOR SIMPLE

T1 Pro

T6 Pro Hydronic

T6 Pro

T4 Pro

---

Honeywell T Series

---

The Honeywell T Series is a portfolio of non-connected and Wi-Fi connected thermostats designed with contractors in mind. With an interface you know, features you trust and the Honeywell quality you depend on in a sleek new aesthetic, the non-connected T Series thermostats are setting the new standard for simple.

# NON-CONNECTED SOLUTIONS

that simplify selection, installation and upsell.

UWP  
mounting  
system

## Simple selection

We've streamlined our legacy portfolio of 20+ non-connected FocusPRO® and PRO thermostats down to just eight non-connected T Series thermostats, helping you simplify inventory management and product selection.

## Simple installation

All T Series thermostats use the same UWP mounting system, helping you standardize your training program, install process and truck stock. Install one and you can install them all.

## Simple upsell

The T Series features a snap-together design that enables you to easily move customers from a non-connected to a connected thermostat when they're ready for Wi-Fi – without having to remove the connector and cover plate.\*

Thermostat	Thermostat name	Program options	Power method	Display size	Stages	Dual fuel	Wired indoor/outdoor sensors	Filter change reminder	Replaces this VisionPRO, FocusPRO or PRO model
